

ANDEL LIMITED – ENVIRONMENTAL POLICY STATEMENT

Andel Limited is committed to conducting its activities in a manner that protects the environment and supports sustainable business practices. The nature, scale and environmental impacts of our activities, products and services are recognised as integral to our operations and to the delivery of timely, quality and cost-effective solutions to our customers.

This Environmental Policy provides the **framework for setting and reviewing environmental objectives** and supports the company's strategic direction.

Andel Limited is committed to:

- **Protection of the environment**, including the prevention of pollution and the reduction of adverse environmental impacts arising from our activities, products and services. This includes continued investment in, and adoption of, green and low-carbon technologies where reasonably practicable.
- **Sustainable resource use**, minimisation of waste, and reduction of emissions across our operations and supply chain.
- **Fulfilment of compliance obligations**, including all applicable environmental legislation, regulatory requirements, permits, licences, and other requirements to which the company subscribes.
- **Continual improvement** of the Environmental Management System (EMS) to enhance environmental performance.
- **Raising awareness and competence**, ensuring that persons working for or on behalf of Andel Limited understand the environmental impacts of their work and are provided with appropriate training and information.
- **Climate change mitigation**, through ongoing actions to reduce greenhouse gas emissions from Scope 1 and Scope 2 sources, alongside sustained efforts to influence and assess Scope 3 emissions within our value chain, supporting the UK's transition to a net-zero economy.

Andel Limited assigns responsibility for the implementation, monitoring, and review of this policy, the Environmental Management System, environmental objectives, and legal compliance to the Managing Director, Head of Compliance, Health & Safety, and the Net Zero and Sustainability Co-ordinator.

Environmental performance is the responsibility of **all persons working for, or on behalf of, Andel Limited**. Employees and contractors are expected to act in a manner consistent with this policy and to promptly report environmental concerns, incidents, or non-conformances.

Making water sustainable for a cleaner and safer environment.
